

NWPA NTMA Annual Golf Outing July 20, 2017

The National Tooling and Machining Association (NTMA) is the national representative of the custom precision manufacturing industry in the United States. For the most part, NTMA members are small businesses, yet the industry generates sales in excess of \$40 billion every year. Over 120 businesses in Northwest PA are members of the Association, contributing every day to our local economy.

We are asking for your support! In an effort to better serve the community and the Association, partial proceeds from the outing will benefit the **NWPA NTMA Education Foundation** to help provide scholarships to students and equipment for technical education programs in schools in Northwestern PA. In 2016, the NWPA NTMA Education Foundation was able to award \$15,250 in scholarships to local students and employees and \$25,900 in grants to local technical programs.
